PROFESSIONAL SUMMARY

Motivated and detail-oriented Front-End Developer with hands-on experience in building responsive, scalable, and user-friendly web applications using React.js. Completed a 8-month MERN Stack internship, focusing on front-end development through real-time projects. Proficient in JavaScript (ES6+), HTML, CSS, and React components. Skilled in API integration, Git-based collaboration, and clean UI/UX practices. Passionate about delivering high-performance interfaces and eager to contribute to dynamic development teams.

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern

Coder Profession, Tirunelveli | 2023 - 2024

- Developed 3+ fully responsive web applications using React.js with reusable components
- Integrated RESTful APIs and handled dynamic rendering through props and state
- Deployed live projects via GitHub Pages and Vercel with custom domains
- Collaborated with team members through Git version control and GitHub pull requests
- Built clean, mobile-first UIs following modern UX best practices
- Practiced scalable component-based architecture in real-world eCommerce projects

Key Projects:

- Built a React.js Food Ordering App with internal cart logic and reusable components
- Cloned a Fashion Store UI using React, added search & filter features
- Created a weather info app using OpenWeather API with live data fetch
- Weather App – Live weather display using OpenWeather API

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), JSON

Frontend: React.js, JSX, Bootstrap, Responsive Design

Backend Basics of: Node.js, Express.js, MongoDB

Version Control: Git, GitHub

Tools & Platforms: VS Code, Chrome DevTools, GitHub Pages, Vercel

Other: REST API Integration, Component Reusability, State Management

STRENGTH

- Quick Learner & Problem Solver
- Team Collaboration
- Strong Debugging & Testing
- Passionate about Clean UI/UX

EDUCATION

M.Com – Computer Application

Hindusthan College of Arts & Science,
Coimbatore | 2021 – 2023

B.Com – Corporate secretaryship

Ayya Nadar Janaki Ammal Arts & Science College,
Sivakasi | 2017 – 2020

PROJECTS

1. Food eCommerce Website

Tech: React.js, React Router, JSX, State Management

- Built a component-based cart system with internal logic
 - Used React Router for page navigation (menu, cart, etc.)
 - Created fully responsive UI for mobile, tablet, and desktop
- GitHub: <https://github.com/GaneshGit01/food-clone>

2. Fashion Store UI Clone

Tech: React.js, Filtering, Search Bar, UI Design

- Developed card-based layout with search and dynamic filter
 - Practiced clean UI/UX with responsive React components
- GitHub: <https://github.com/GaneshGit01/fashion-clone>
